## OUR CATALOGUE (OPAC / REGENSBURGER KATALOG)

In our Catalogue you can search for all available books, journals and other media, while individual scholarly articles are not listed. Scholarly articles are best found by using bibliographies and electronic databases. The Catalogue is important for both literary research and for borrowing media.

You can use our Catalogue in the area of the Central Library and in the reading rooms. It is also accessible on the internet ([www.regenburger-katalog.de](http://www.regenburger-katalog.de)).

The Catalogue also provides access to your user account. You can log on to your user account by clicking on the tab "Account" on the interface of the Catalogue. You then need to enter your user number (above the bar code of your student ID card) and your password.

Your user account registers all borrowed media and the respective loan periods. In your user data, you can change your password or enter a new e-mail address.
